## PROJECTS

### Albert Schweitzer Graduate Student Fellow

May 2018 to May 2019

The Chicago Area Schweitzer Fellows Program is a program of ASF and Health & Medicine Policy Research Group, an independent policy center that conducts research, educates, and collaborates with other groups to advocate policies and impact health systems to improve the health status of all people. The Chicago Area Schweitzer Fellows Program is dedicated to developing a corps of emerging professionals who enter the workforce with the skills and commitment necessary to address unmet health needs.

### Increasing Human Papillomavirus (HPV) Vaccine Coverage by Strengthening Adolescent AFIX Activities

July 2017 to September 2019

Increasing Human Papillomavirus (HPV) Vaccine Coverage by Strengthening Adolescent AFIX Activities contract was awarded to ICAAP from the Chicago Department of Public Health (CDPH). ICAAP has been selected to assist with co-facilitating a specific quality improvement (QI) process known as AFIX (Assessment, Feedback, Incentives and Information eXchange) with healthcare providers serving children and adolescents throughout the City of Chicago.

### Neonatal Resuscitation Program (NRP) 7<sup>th</sup> edition Social Media Campaign

December 2016

The Neonatal Resuscitation Program® (NRP®) course conveys an evidence-based approach to care of the newborn at birth and facilitates effective team-based care for healthcare professionals who care for newborns at the time of delivery. The NRP 7<sup>th</sup> edition social media campaign provided an interactive and informative approach to transition from the 6<sup>th</sup> to 7<sup>th</sup> edition of NRP.

### Centers for Healthcare Innovation Diversity, Inclusion and Life Sciences Planning Committee

January 2015

The Diversity, Inclusion, & Life Sciences Symposium is an annual, interactive, collaborative symposium for life sciences and healthcare executives, entrepreneurs, policymakers, researchers, scientists, technologists, academics, and service providers to discuss best practices as well as challenges and opportunities at the crucial interface of diversity, inclusion, and the life sciences industry. The symposium is the world's preeminent annual conference focused specifically on mutually beneficial collaborations between the life sciences industry and diverse communities. Attendees will gain valuable contacts, connections, knowledge, information, and insights.
